

CPS T SERIES UTILITY COMPRESSORS

CPS T175

INDUSTRIAL DIESEL UTILITY AIR COMPRESSOR

Technical

Model	CPS T175
Type	Box-Type Skid-Mounted Utility
Air Delivery	175CFM
Normal Effective Working Pressure	7bar(g) @ 100psi(g)

Engine

Manufacturer	Kubota
Type	V 1505 T
Starting	Electric Start
Fuel	Diesel
Full Load RPM	3000 RPM
Tank Capacity	62 L
Output Rating (kW/m)	32.5

Compressor

Type	Single Stage Oil Injected Rotary Screw Air Compressor
Lube Oil Capacity	5.5 L

Controls

Control Panel	Key Start with Engine Protection
Blow Off Valve	Automatic on Shutdown

Box Unit Dimensions & Weight

Length	1870mm
Width	950mm
Height	1040mm
Weight	704kg

Canopy

Canopy	Galvanised Steel Canopy
Noise Level	70dB(A) @ 7m
Frame	Spillage free frame

Standard Features

Canopy	Fully Silenced Integrated lifting slots and top hook as standard
Aftercooler	Fitted as Factory Standard
Mounting	Suitable for truck or trailer mounting
Fuel Autonomy	Enough to run a full shift
Weight	Under 750kg
Footprint	At least 10% more compact than other models
Maintenance	Easy to service & long service intervals

Other Features

Mounting	Suitable for truck mounting
Options	Quality air options, water separator and multiple points of customisation available
