## DESCRIPTION

The Hyundai DHY6000SE 6.5 KVA Generator is one of the best-selling products in the diesel generator category, providing efficient and reliable standby power to your home or office premises whenever regular power is not available.

The DHY6000SE is powered by Hyundai's efficient, low emission, 4 stroke D420 10hp engine, and produces 5.2kW of clean power to your home or business.

The large 16-litre fuel tank can provide up to 16 hours of run time @ 50% load and the Hyundai Diesel Generator has the ability to run off red diesel making it even more cost-effective.
