

- Inverter Technology
- Pure sine wave, suitable for sensitive equipment
- Low Noise Level 64db
- Lightweight
- Parallel Compatible

Outlets:

1 x 15Amp 240V

1 x 32Amp 240V

HY6000i

7.5kVA Inverter Generator

Specifications

MANUFACTURER	Hyundai
---------------------	---------

ENGINE	H320B
---------------	-------

STARTING	Electric
-----------------	----------

RUN TIME	11hrs @ 50% Load
-----------------	------------------

PHASE/VOLTAGE	1/240
----------------------	-------

SPEED	3000RPM
--------------	---------

NOISE LEVEL	64db @7m
--------------------	----------

MAX. POWER (WATTS)	6000W
---------------------------	-------

RATED POWER (WATTS)	5500W
----------------------------	-------
